COLLABORATIVE JOURNEY

Florian vom Bruch (CEO, BUBEN&ZORWEG), Achim Anscheidt (Design Director, BUGATTI).

THE EXTRAORDINARY OF TWO WORLDS

BUBEN&ZORWEG and BUGATTI, two globally unique design and technology icons, are embarking on a journey together to push boundaries, set new standards and celebrate their own definition of uniqueness.

Both worlds unite superlatives that are unparalleled. Both brands strive for the optimum in terms of highest technical finesse, unparalleled design quality and perfect craftsmanship precision. Condensed in the words of the founder Ettore Bugatti: "If it is comparable, it is not from us" (1865) and the corporate philosophy of BUBEN&ZORWEG, "Creating Unique Masterpieces".

The "time factor" shapes the DNA of both brands. The Bugatti sports car Chiron celebrates the rush of speed. Timeless yet dynamic elegance characterises the masterpieces of BUBEN&ZORWEG. Honouring the new collaboration, objects which stand the test of times are created that even exceed the demands of the partnership: EXPERIENCE THE EXTRAORDINARY.

ART & DESIGN

Perfectly shaped from every perspective. Finely crafted details reflect the iconic references of the unmistakable design language of both brands. With exciting contrasts of colours and materials, the legendary Bugatti design language (Horseshoe, Signature and Centre Line) is recreated in extraordinary masterpieces by the BUBEN&ZORWEG design team.

TECHNICAL PERFECTION

Each creation is a technical feat. The objects of the BUBEN&ZORWEG for BUGATTI edition shine with surprise effects and fascinating technological details. An example of this is the Illusion model family as an exciting sculpture and a fascinating technical masterpiece in one. The Chiron-inspired masterpiece, crowned by a B&Z Tourbillon Clock in its most exclusive version, visually absorbs formative elements as a locking mechanism.

TRUE CRAFTSMANSHIP

Unique multi-materiality meets consummate German craftsmanship. Hand-stitched elements, metal applications milled from an embarrassment of riches, and hand polished surfaces: these are just a few examples of craftsmanship perfection of the Limited Edition BUBEN&ZORWEG for BUGATTI.

LIMITED EDITION CHIRON 300+

With the Chiron 300+ style combining black and orange colour and material accents, the joint design team pays tribute to the power of the Bugatti Chiron Super Sport 300+. In 2019, this super-sportscar set a new, breath-taking speed world record of 304 mph (more than 490 km/h). The style edition is limited to only 30 pieces per model, like the super-sportscar itself.
